When heavy-duty cleaning is required, you need equipment you can count on. **Hotsy Equipment** delivers one of the most rugged and durable line of pressure washers on the market. Plus, we provide you with peace of mind. Take advantage of our Hotsy Scheduled Maintenance Program to help insure consistent reliable operation of your high pressure cleaning equipment. Hotsy Equipment schedules the call and performs the maintenance to keep your equipment operating at peak performance.

Check out the following page for details of the Scheduled Maintenance Program. There is no long term contract to sign and you can cancel at any time, so why not start today!

HOTSY SCHEDULED MAINTENANCE PROGRAM

A Hotsy Technician will service your machine _____ times per year at regularly scheduled intervals for \$125.00 per visit, regular price \$225.00.

First hour labor included, any additional labor will be billed at current shop rates, plus parts. If repairs are necessary, we will get authorization to do any additional work or give written estimate.

NOTE: It is recommended the pump oil is changed after the first 25 hours of operation. After that, replace pump oil every 3 months or 300 hours, whichever comes first.

Any service required in between scheduled calls will be at our current hourly rate for actual time, plus parts. There will be no service call charge. A savings of \$ _____ per visit.

The Scheduled Maintenance Program requires a minimum of two calls per year. The Scheduled Maintenance Program is subject to an annual review and renewal.
